400x200/400x400
600x400

ISSUED: NOV. 2014

NOTE: Read the entire instruction manual before you start installation and assembly.

⚠ WARNING

- Do not begin the installation until you have read and understood the instructions and warnings contained in this installation sheet. If you have any questions regarding any of the instructions or warnings, please contact your local distributor.
- This mounting bracket was designed to be installed and utilised **ONLY** as specified in this manual. Improper installation of this product may cause damage or serious injury.
- Always use an assistant or mechanical lifting equipment to safely lift and position the equipment.
- Tighten screws firmly, but do not over tighten. Over tightening can cause damage to the items, This greatly reduces their holding power.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

IMPORTANT: Ensure you have received all parts against the component checklist prior to installation. If any parts are missing or faulty, telephone the special franchiser for a replacement.

Package M

Package

1.Installing the Columns and the Support Arms

Insert the inner column into the outer column .

Attach the plastic cover to the outer column using screws and tighten all screws with Allen key.

Thread the knob into the column to secure them.

Slide the support arms along the column rails to the desired height.

Make sure both support arms are at the same level and tighten all screws to secure them.

2.Installing the Base

Attach the column and the foot pad to the base using the correct screws and washers. Tighten all screws with Allen key.

3. Installing the Casters

Install the casters into the base holes and tighten bottom nuts of the casters to the desired height.

Tighten all top nuts to secure them.

Note: Make sure all casters are at the same height.

Note: Lock the brakes on casters to avoid sudden movements during installation.

4. Installing the Top Plate and the Glass Shelf

Insert the top plate into the column and secure with screws.

Attach the glass shelf to the installed support arms using the screws and washers, and tighten all screws with a proper screwdriver.

5.Installing the Adapter Brackets

Top of the TV
